May 2014 – Jan 2015:

Designer / developer : Books Without Borders, London

www.bookswithoutborders.co.uk

Sole developer and designer for this digital publishing house. Producing digital facsimiles of books of historical interest, dating from the 16th to the early 20th century.

Responsibilities included:

e-book design & creation (XHTML, JS, CSS, Photoshop)

maintenance of the company website & e-commerce

gateway (Expression Engine, getDPD)

writing marketing copy for the website & social media

design of marketing emails (Mail Chimp)

web reporting via Google Analytics

Sep 2012 - May 2014

Designer / developer: MAPP Editions, London

www.mappeditions.com

Another digital publishing house, this time specialising in art and photography. Creating enhanced e-books for a range of clients, from artists to curators and museums. I also acted as editor on certain projects.

Previous Experience

During the last couple of years, I have also taken on a small amount of freelance work. In June 2016, after leaving Intohand, I did further work implementing the UI for Vypr on their website app.vypr.it, mentioned above. I have also designed and built websites for my friends. Examples include:

www.scrabblethemusical.co.uk

(2016: static Bootstrap site)

www.izabellascott.com

(2014: bespoke Wordpress theme)

www.wededit.co.uk

(2014: bespoke Wordpress theme)

Before moving to London in late 2012, I was based in Cardiff, where I worked as a freelance developer on a number of projects; primarily for groups involved in the promotion of Welsh arts and culture.

I previously trained as a composer and multi-media artist, with an emphasis on developing systems used in interactive art.
